

WARNING:

Always read and understand all of the warnings and safety instructions contained in this manual before attempting to use the Maglite® ML125™ Rechargeable Flashlight System to help avoid potential hazards that could result in bodily injury or property damage.

Always keep this manual conveniently available for future reference, as it contains important information that will help effect the safe operation and maintenance of this instrument.

Any battery may leak harmful chemicals which may damage skin, clothing, or the inside of the flashlight. TO AVOID RISK OF INJURY, DO NOT LET ANY MATERIAL LEAKED FROM A BATTERY COME IN CONTACT WITH EYES OR SKIN. Any battery may rupture or explode if put in a fire or otherwise exposed to excessive heat. TO AVOID RISK OF INJURY, DO NOT EXPOSE BATTERIES TO EXCESSIVE HEAT. To reduce the risk of personal injury or harm to your flashlight, take the following precautions:

- Use only a MAG® rechargeable battery pack (Model No. ML125-A3015) with this flashlight.
- Always install the battery pack with the positive (+) end facing the head end of the flashlight and the negative (-) end facing the tailcap end of the flashlight
- When storing your flashlight for long periods of time, remove the battery pack and store it separately.
- Carefully follow the steps listed under "Inspection and Maintenance" in this manual.
- This product is not recommended for use by children.
